

To whom it may concern,
I benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear.

I Respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming.

Sincerely,
Joseph M. Tenczar
